

## The Invisible Chef teams up with Jelly Belly for holiday mixes

Even though summer is here, we all know the winter holidays will soon be upon us. To get a head start on planning baking, we recommend The Invisible Chef's gourmet line of all-natural baking mixes for quick breads, muffins, scones, donuts and pancakes.

This holiday, they have teamed up with [Jelly Belly](#) to release a series of baking mixes based on the brand's most popular jelly bean flavors.

The collaboration mixes won't hit the shelves until this fall, but we were lucky to be able to sample one of the delicious flavors, Candy Cane Swirl Cake Mix. The collaboration is made for both baking beginners and pastry connoisseurs. This holiday season, you will find flavored mixes like the Chocolate Covered Cherry Cupcake Kit (Chocolate Pudding cupcakes + Very Cherry frosting), Hot Chocolate Donut Mix and, our favorite, Candy Cane Swirl Cake Mix.

In addition to the Jelly Belly mixes, The Invisible Chef is expanding its popular French Breakfast Puff collection with two new flavors: Salted Caramel Macchiato and Maple Oat Puffs.
